Notes for Bennet/Perrault: Buy BOV and any "complete" Perrault collection, he only did about 10 tales & Laura's is WAY OP

I eliminated the Book of Virtues (BOV) stories that were also doubled in the Grimm column. Perrault's tales start with Sleeping Beauty.

Notes for GRIMM: Buy Laura's (ISBN 0394709306) or any collection of 30 or more.

Laura's Grimm book has 200 tales. I picked the most popular 32 that I found across multiple collections. Those with asterisks are also assigned in the Book of Virtues, and one is recommended as a picture book.
